

Working together for Our Community

We are proud to be one of three lead agencies providing FREE EarlyON Child and Family services in our community. Together with Northumberland County, early childhood educators from the partner agencies plan quality programming for young children and their families.

EarlyON Child and Family Centres offer high-quality early years programs, which support healthy prenatal and early childhood development. At an EarlyON Child and Family Centre, you can expect to find qualified early learning professionals, welcoming environments, and opportunities for families to engage in play-based learning. Our EarlyON programs are intentionally aligned with “How Does Learning Happen?” the Ministry of Education’s professional learning resource for child care and child and family programs.

In addition, centres offer resources and specialized supports to families, such as parent workshops, service referrals, and programs specific to the needs of each municipality.

We look forward to seeing you at one of Northumberland County’s [EarlyON Child and Family Centres!](#)
